

Educators-TAKE CONTROL

w/Emergency Response Belt® for Physically Disruptive Students

Certification Training Course

LOCATION: **YOUR SCHOOL**
Your School District
Your City, U.S.A.

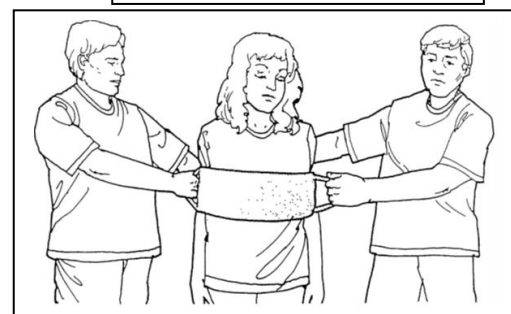

DATES: **Scheduling 2020**

“Verified Certification Training for Handling Disruptive Students with Safe, Humane Physical Control, Restraint & Movement”

COURSE PROFILE: *This new cost-effective 6-hour certification course is now available to all Schools in handling potential physically combative students safely, effectively all with available humane restraint.* Teachers and schools have come under tremendous national scrutiny and litigation having to handle potential violent conditions that compromises student and staff safety. The Emergency Response Belt® has been in the field for 30 years nationally without one lawsuit! This tough cloth, control & restraint, movement protective device has been used in 100's of county correctional & juvenile facilities since 1990. A less aggressive bright green ERB color change from black and new profession specific training programs have been thoroughly researched and developed for Law Enforcement, EMS, Schools, Nursing Homes and Hospitals. **This program has been designed specifically for the safety of Educators & Students.** The techniques instructed fully address physically confrontational mental health and violent student conditions that Educator providers confront in schools every day throughout the United States.

Topics Covered in the program include:

1. Confrontational Pre-Assault indicators, understanding anger and de-escalation techniques
2. Easy to learn and retain extremity control, passive restraint. movement and safe transport of potentially violent persons with the non-weapon classified, tough cloth, **ERB®**
3. Hands-on practical exercises & scenarios are conducted for real life conditions

TUITION: \$195.00 per person with Three (3) year certification . (School contracts available)
Train the Trainer Course Available

Includes: training workbook; One USB flash-drive will be provided for the school with PowerPoint training information; Emergency Response Belt® with convenient lite-weight carrier case worn on the belt; wall certificate.

[Additional ERB's are available for purchase @ \$95.00 each]

CERTIFICATION AND INSTRUCTOR: Thomas J. Archambault, President-Chief Instructor for TJA Protection-Systems-International & TJA Use of Force Training, Inc., will be the instructor for this program. A nationally recognized and highly evaluated, self-protection, use of force expert and trainer, he has more than 36 years national and international training experience. TJA has trained and certified thousands of trainers from virtually every profession who has to handle potential violent persons and conditions. The Company fully “backs in court” its training programs and certified instructors at “NO COST” in the unlikely event of litigation.
